## CUSTOM BUDDING

Many Growers would like to have trees of special varieties, or from a special tree, or a particular strain of a variety. If the order is placed, at once we will arrange to obtain bud stock as desired by the grower. Already we have several growers who have been taking advantage of our Custom Budding Service. We shall be glad to serve you also. No extra charge will be made for custom budding trees.

PLEASE LET US HEAR AT ONCE

Dear Grower:

Your attention please: Trees are scarce this year, about half of the overall amount of seed was planted by the nurseries as is usually planted.

We, however, increased our amount of seed planted and will have more than our normal number of trees, but we still will not be able to fill all orders and suggest that you mail in your order at once.
